T&G in Shelter

Defend Shelter staff's pay and conditions Defend Shelter

Support those who support those in bad housing

Shelter's senior management are attempting to implement the most serious attack on staff's pay and conditions in Shelter's 41 year history. If pushed through these changes will fundamentally transform the nature of Shelter, which was set up to campaign against bad housing and homelessness, into an organisation which prioritises chasing government contracts above all else.

- No compulsory redundancies
- No downgrading of posts
- No pay cuts
- Defend the jobs, pay and conditions of all Shelter staff
- Don't allow bids for Government funding to change Shelter's core values
